Dear [Redacted]

STAT

We are looking forward to your arrival in Washington and would like very much to talk with you on the afternoon of 30 December 1958. Mr. Lundahl will be present and is interested in your development work in photogrammetry. If you would please come to [Redacted], and ask for me at the guard station, we would be very happy to see you. I don't believe that it would be to [Redacted] benefit to make a special trip for this preliminary meeting, but certainly this probably could be arranged for sometime in the future.

We certainly wish to express our appreciation of your kind reception for us [Redacted]. We are extremely impressed not only with your immense project but especially in your advanced work in the photogrammetric field. We are very pleased that you can find time in your busy schedule to pay us a visit on your trip to Washington.
